A message to our guests

Here at Brinsop Court Estate, the wellbeing and happiness of our guests has always been a priority. In the wake of the COVID 19 Global Pandemic, we recognise the importance now more than ever of keeping our guests and members of staff safe, while also ensuring that everyone has an enjoyable and memorable time here at our wonderful venue. To do so, we have introduced a number of safety measures and precautions in line with the Government's guidance on limiting the spread and impact of COVID 19. Here are just a few of the steps we have taken:

- One metre plus rule enforced throughout the premises
- Hand sanitizer and washing facilities available at the entrance and exit of Brinsop Court Manor House & Barn
- Disposable gloves and masks available to both guests and staff members should it make them feel more comfortable and secure
- Temperature checks upon arrival
- Disposable wipes in all office spaces and communal areas so surfaces can be disinfected

As well as these practical measures we have made it a priority to communicate with both our clients and team to reduce the spread of Coronavirus. All guests will be given information about the steps we have taken to prevent the virus and have to complete a 'COVID 19 Questionnaire' before they arrive. The entire team here at Brinsop has engaged with our risk assessment and have been busy implementing all changes - from housekeeping staff ensuring everything is washed at high temperatures to our office staff who disinfect all our computers and telephones. It is clear that we are all having to adapt to a very 'new normal,' and here at Brinsop Court Estate we want to make this change as comfortable and easy as possible for our guests. This being said, we are back and ready to showcase The Knot Barn and Manor House - so please contact a member of our wonderful office team to arrange your visit. We look forward to seeing you all again soon!

Our best wishes,
The Brinsop Court Team
